Sydney,

I know that I emailed you about lab coats, but my original coats have been brought to my new lab, so I don't need any more coats. Sorry about any confusion, but Deb Borne said that they were returned (I thought to the company). Thanks.

Sonja

Sonja your coats were turned in because you no longer are with Infectious Disease. You need to send Sydney Fuller an e-mail with your name and coat size and she will order you new coats. E-mail her today the coat person comes tomorrow and you will get the coats sooner. Sydney is waiting for your e-mail.

Deb,

I was wondering if you knew where my lab coats are? I've checked a couple times on 7 and I've checked the 'supply' down here, but they are still MIA. I tried to stop by to ask you, but it seems whenever I can get up there you are somewhere else. Thanks.

Sonja
